MEMORANDUM

FC 14 (02-08-19)

TO: Board of Directors

FROM: Darin Taylor,
Chief Financial Officer

SUBJECT: Monthly and Quarterly Report of Investments
as of June 30, 2022

DATE: July 25, 2022

SUMMARY:

In accordance with Santa Clara Valley Water District ("Valley Water") Investment Policy and California Government Code sections 53607 and 53646, the Treasurer's Monthly and Quarterly Report of Investments as of June 30, 2022 is attached. This report complies with Executive Limitation-4 Financial Management.

RATIONALE:

California Government Code section 53607 requires the Treasurer of the local agency who has been delegated with the authority to invest funds to provide a monthly report of the investment transactions to the legislative body. Furthermore, Government Code Section 53646 recommends that the Treasurer submit a quarterly report to the legislative body of the local agency to assist with its fiscal oversight role. The quarterly report shall include the types of investment, issuer, date of maturity, par, market value and dollar amount for all securities, investments and moneys held by the local agency. The report shall also confirm compliance of the portfolio with the investment policy as well as a statement denoting the agency's ability to meet its expenditure requirements for the next six months. This report is provided to the Board in compliance with Board Investment Policy and Government Code sections 53607 and 53646.

STAFF ANALYSIS:

Interest Rates

The yield-to-maturity of the investment portfolio as of June 30, 2022, was 1.02%. This represents a decrease of 0.01% compared to the yield of 1.03% for December 31, 2021.

Table 1 below summarizes the historical yield-to-maturity of the investment portfolio.

Table 1 - Portfolio Yield-to-Maturity (365 days equivalent)				
Fiscal Year	September Q1	December Q2	March Q3	June Q4
2021	1.41%	1.24%	1.14%	0.94%
2022	1.06%	1.07%	1.03%	1.02%

Subject: Monthly and Quarterly Report of Investments as of June 30, 2022

Investment Strategy

In accordance with the strategy recommended by the Investment Committee and approved by the Board, staff continues to ladder the portfolio. When funds mature, if the money is not needed for current expenditures, they are reinvested in securities that have maturities of up to five years.

The average life of the portfolio on June 30, 2022 was 499 days (1.4 years), well within the 2.5-year average life threshold permitted by the Investment Policy. During the quarter, the Treasury Officer purchased 18 securities totaling \$72M and yield-to-maturity ranging from 1.24% to 3.61% and weighted average yield-to-maturity of 2.79%.

Valley Water's portfolio is invested with a primary goal of safety. To accomplish this goal, staff only invests in securities that are permitted by California Government Code and the Valley Water Investment Policy. These securities have high credit ratings and maturities of no more than 5 years. As of June 30, 2022, approximately 60% of the portfolio was held in US Government Treasury/Agency Notes and Municipal Bonds, 37% was held in liquid funds (Local Area Investment Fund/money market mutual fund, CD's) and 3% in supranational/corporate medium-term notes.

The low short-term interest rate environment is primarily driven by the moderately escalating Federal Funds target rate. At the June 14-15, 2022 meeting, the Federal Open Market Committee (FOMC) stated: "The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. In support of these goals, the Committee decided to raise the target range for the federal funds rate to 1-1/2 to 1-3/4 percent and anticipates that ongoing increases in the target range will be appropriate."¹

Staff recommends continuing the strategy of investing in short-term, liquid instruments such as money market mutual funds, Local Area Investment Fund (LAIF), high grade corporate medium-term notes and short-term U.S. government treasury and agency securities to maintain the goals of safety and liquidity of the investment portfolio. Staff will look for value within the five-year horizon and will match maturities with cash flow requirements as opportunities arise.

Subject: Monthly and Quarterly Report of Investments as of June 30, 2022

Interest Income

For the quarter ended June 30, 2022, Valley Water received total interest earnings of \$7 million. Table 2 below illustrates the historical interest earnings of the investment portfolio.

Table 2 – Portfolio Quarterly Interest Earnings		
Fiscal Year	Quarter Ending:	Earnings*
2021	September	\$2,413,293
	December	\$2,104,823
	March	\$2,060,745
	June	\$1,894,339
	Total	\$8,473,200
2022	September	\$1,741,431
	December	\$1,693,398
	March	\$1,739,714
	June	\$1,828,672
	Total	\$7,003,215

** Earnings include interest earned plus accrued interest and adjustments for premiums/discounts for the period.*

Performance Measurement

Valley Water benchmarks its portfolio performance against the 24-month floating average of the 2-year Treasury note. This benchmark approximates relatively closely to the holdings of Valley Water. However, there is no benchmark that will exactly mimic the Valley Water's mix of investments.

For the quarter ended June 30, 2022, the investment portfolio yield-to-maturity was 1.02% while the benchmark yield was 0.69% for a positive difference of 0.33%. Yields on the 2-year Treasury note reflect the gradually increasing interest rate in the short end of the yield curve. Valley Water's portfolio yields are modestly higher because of the staggered maturity investment strategy described above and holding to maturity certain securities purchased in times of higher rates.

As a result of low interest rates in the current market environment, the redemption of higher-yielding callable securities and the continued maturities of securities bought in better economic times, the yield on the investment portfolio is expected to remain modest over the next few quarters but may gradually increase over time as the U.S. economy improves and global uncertainties wane. The portfolio will continue to be invested according to the tenets of safety, liquidity and yield in conformance with the California Government Code and Valley Water Investment Policy.

Subject: Monthly and Quarterly Report of Investments as of June 30, 2022

Summary of Cumulative Changes in the Investment Portfolio

The book value of the portfolio was approximately \$847 million on June 30, 2022 compared to \$692 million on March 31, 2022, an increase of \$155 million or 22.4%. A significant amount of the increase (\$145.6 million) is due to receipt of cash from short-term debt issuance to fund capital projects for the WU and SCW programs. The increase also reflects the normal fluctuations of the Valley Water's investment portfolio due to receipt of expected revenues (e.g. property taxes, water utility revenues, etc.) which are offset by planned expenditures for debt service, operating and capital projects incurred during the quarter. The historical quarterly changes in book value are summarized in Table 3 below.

Table 3 – Portfolio Book Value				
Fiscal Year	Quarter Ending:	Book Value	\$ Change	% Change
2021	September	\$660,781,931	(\$39,035,840)	-5.6%
	December	\$696,674,989	\$35,893,058	5.4%
	March	\$727,269,951	\$30,594,962	4.4%
	June	\$766,363,500	\$39,093,500	5.4%
2022	September	\$665,132,641	(\$101,230,859)	-13.2%
	December	\$630,102,645	(\$35,029,996)	-5.3%
	March	\$691,619,673	\$61,517,028	9.8%
	June	\$846,631,604	\$155,011,931	22.4%

Portfolio Market Valuation

In accordance with California Government Code, all public agencies must report unrealized gains and losses in their investment portfolios on a quarterly basis. Table 4 below shows the market value of Valley Water's investments as reported by ICE Data Pricing & Reference Data, LLC on June 30, 2022 compared to the amortized book value.

Table 4 – Portfolio Market Value	
Market Value	\$826,824,074
Amortized Book Value	\$846,631,604
Unrealized Gain (Loss)	(\$19,807,530)

If the entire portfolio had been liquidated on June 30, 2022, Valley Water would have received \$19.8 million less than the total amortized cost of the portfolio. This is the result of a direct relationship between changes in market interest rates and the value of investment securities. As general market interest rates increase, the value of investments purchased at lower yields decrease, and as general market interest rates decrease, the value of investments purchased at higher yields increase.

Valley Water's Investment Policy dictates a buy-and-hold strategy in which the Valley Water holds all securities to their maturity under normal operating conditions. When an investment matures, Valley Water is paid the full-face value of that security and therefore incurs no loss or gain. Since the portfolio was not liquidated, the "gain" was unrealized and had no impact on the portfolio size or yield.

Subject: Monthly and Quarterly Report of Investments as of June 30, 2022

Collateralization of Outstanding Repurchase Agreements

As of June 30, 2022, Valley Water had no outstanding repurchase agreements.

Debt Information

The Investment Policy and governmental regulations require that Valley Water report on the investment of bond proceeds. Investment of bond proceeds is governed by the legal bond documents and applicable governmental regulations. In particular, these funds can be invested for longer periods to match the terms of the outstanding bonds.

Investment of Debt Proceeds

Table 5 below summarizes the debt proceeds investment information as of June 30, 2022. The investments of the debt proceeds are in accordance with the provisions for Permitted Investments as specified in each corresponding Indenture/Trust Agreement.

Table 5 – Debt Proceeds Market Value			
Description	Market Value 6/30/2022	Yield at market	Maturity Date
Series 2012A Reserve Fund	\$5,418,817	1.875%	09/30/2022
Series 2020C Project Fund	\$0*	-	-
Series 2020D Project Fund	\$0*	-	-

*Water Utility 2020C and 2020D proceeds were fully disbursed as of June 30, 2022.

Compliance with State Law and Valley Water Policy

For the quarter ended June 30, 2022, all investments were in compliance with the Investment Policy and Board Executive Limitation 7.6.

Valley Water holds several Certificates of Deposit (“CD”) issued by various banks and credit unions. The CD account balances are generally maintained at or below the federal insurance maximum of \$250,000 per CD, with the exception of the following CDs which are separately insured by Letters of Credit from the Federal Home Loan Bank of San Francisco with a minimum of 105% insurance value for account balances in excess of the \$250,000 federal insurance limit: Community Bank of the Bay, Bank of San Francisco and Technology Credit Union.

On October 13, 2020, the Board authorized placing a deposit of up to \$14 million in a Certificate of Deposit Account Registry Service (CDARS) account with the Bank of San Francisco as part of the transaction related to the establishment of a \$170 million syndicated bank line of credit. The Bank of San Francisco CDAR account balance of \$18 million is insured by the Federal Deposit Insurance Corporation.

The investment portfolio has been structured to ensure that sufficient monies will be available to cover anticipated expenditures in the coming six months.

Subject: Monthly and Quarterly Report of Investments as of June 30, 2022

Socially Responsible Investments

In a unanimous vote on December 12, 2017, the board voted to amend the investment policy to promote socially responsible investment (SRI) practices, and adopted a set of moral, ethical, environmental, social and governance guiding principles (ESG) to lead investment decisions. The board approved prioritizing local investment possibilities with California based banks and banks with less than \$10 billion in assets, to keep funds in the local economy and promote local job growth. On August 11, 2020, the board enhanced the ESG policy to keep a minimum of 4% of liquid cash in banks with up to \$10 billion in assets and 1% in banks with up to \$2 billion in assets to promote Valley Water's investments in local community banks

Total CDs and deposits placed with local banks and credit union is \$45 million for the period ended June 30, 2022. This represents approximately 5% of the overall Valley Water portfolio's book value. The change in Valley Water's investment in CDs and collateralized deposits is summarized in Table 6 below.

Table 6 – Certificate of Deposit (CDs) & Money Market Deposit Summary				
Description	Book Value 3/31/2022	Book Value 6/30/2022	Increase/ (Decrease)	% Change
CDs/Collateralized Deposit Accounts	\$40,943,656	\$45,020,168	\$4,076,512	10%
