COMMITTEE AGENDA MEMORANDUM Environmental Creek Cleanup Committee

Government Code § 84308 Applies: Yes No
(If "YES" Complete Attachment A - Gov. Code § 84308)

SUBJECT:

Receive a Presentation from the Santa Clara County Office of Supportive Housing: Regarding the Draft "Santa Clara County: Community Plan to End Homelessness."

RECOMMENDATION:

Receive a presentation from the Santa Clara County Office of Supportive Housing (OSH): Regarding the draft "Santa Clara County: Community Plan to End Homelessness," which serves as a roadmap for addressing the homelessness crisis in Santa Clara County.

SUMMARY:

Representatives from OSH will present the draft "Santa Clara County: Community Plan to End Homelessness" (Community Plan), a county-wide roadmap for addressing homelessness in Santa Clara County.

The Community Plan is organized around four main focus areas: (1) Prevent people from becoming homeless; (2) Continue to house people and support them in retaining their housing; (3) Strengthen access to care and services for people experiencing unsheltered homelessness; and (4) Center and invest in people with lived experience to lead and transform the homeless system.

There is a relationship between the goals in the Community Plan and the partnership opportunities available under Valley Water's Safe, Clean Water Program, specifically under Priority F. This priority supports public health and public safety along Valley Water's waterways and critical infrastructure.

Project F5: Good Neighbor Program: Encampment Cleanup provides enhanced funding to support Valley Water's coordination with local cities and agencies in cooperative efforts to address homelessness impacts along waterways. These efforts align with the Community Plan's focus on strengthening access to care and services for people experiencing unsheltered homelessness and supporting pathways to stable housing.

The program provides up to \$500,000 per year in cost-share with local agencies for services related to encampment cleanups, including services that support staff safety, discourage re-encampments

along waterways, and connect individuals to resources that help prevent homelessness, support housing retention, and reduce the need for encampment cleanups over time.

Santa Clara County Continuum of Care

Santa Clara County: Community Plan to End Homelessness

Focus Area 1

Prevent people from becoming homeless.

Strategy A – Expand programs and investments to prevent people from becoming homeless.

Sub-Strategies

A1: Increase public and private funding for homelessness prevention programs.

A2: Strengthen and sustain a high-impact homelessness prevention system.

A3: Align policy and affordable housing investment to improve housing stability for households at-risk of homelessness.

Strategy B – Ensure services are effective to prevent people from becoming homeless.

Sub-Strategies

B1: Prevent evictions through early identification, tenant protections, and system coordination.

B2: Enforce fair housing protections and increase access to legal services to combat housing discrimination.

B3: Leverage health care resources to prevent homelessness.

Strategy C – Enhance coordination across systems to prevent people from becoming homeless.

Sub-Strategies

C1: Prevent homelessness at discharge or system exit through coordination with health care or behavioral health institutions, foster care, or criminal legal systems.

C2: Establish partnerships to increase income and employment for those at-risk of homelessness.

C3: Strengthen partnerships with safety net services for a community-driven approach to preventing homelessness.

Focus Area 2

Continue to house people and support them in retaining their housing.

Strategy A – Increase and maintain a continuum of housing options that meets the need.

Sub-Strategies

A1: Increase public and private funding to build more permanent housing and implement system improvements.

A2: Increase public and private funding to expand temporary housing capacity and implement system improvements.

A3: Prioritize development of housing for extremely low-income individuals and families making 30% of Area Median Income or less and set joint targets.

A4: Build up programs and services to reach geographically underserved areas of the county.

A5: Strengthen and diversify permanent housing capacity and options to meet varied needs and acuity levels.

A6: Strengthen and diversify temporary housing capacity and options, including Emergency Interim Housing (EIH), to meet varied needs and acuity levels.

A7: Co-design innovative and inclusive housing and service models with people with lived experience that expand access to diverse, permanent housing solutions.

Strategy B – Increase consistency, diversity, and quality of housing and services for people accessing the housing continuum.

Sub-Strategies

B1: Standardize high-quality service delivery and individualized care across the housing continuum.

B2: All housing continuum programs are safe, healthy, and accessible to everyone.

B3: Improve tenancy support for participants in permanent housing programs.

B4: Invest in equitable workforce development programs for people with lived experience within the homeless system.

B5: Promote skill-building and career advancement opportunities for people with lived experience within the homeless system.

B6: Support the development and implementation of programs led by people with lived experience that provide peer support, housing navigation, and mentorship.

Strategy C – Improve system coordination throughout the housing continuum.

Sub-Strategies

C1: Reduce returns to homelessness and program exits.

C2: Increase coordination between property management and service providers to ensure housing stability.

C3: Reduce housing search time and expand landlord capacity for scattered site housing programs.

Focus Area 3

Strengthen access to care and services for people experiencing unsheltered homelessness.

Strategy A – Build capacity and expand access to trusted, culturally responsive, and coordinated services and resources throughout Santa Clara County.

Sub-Strategies

A1: Identify sustainable funding for increased access to care and services for people experiencing unsheltered homelessness.

A2: Prioritize peer-led and community-driven outreach and communications models to effectively serve underserved regions and populations who are historically underserved or overrepresented in the homeless system.

A3: Improve system-wide access to real-time, understandable, and comprehensive resource information and availability.

Strategy B – Increase consistency, variety, and quality of outreach, basic, and essential needs services.

Sub-Strategies

B1: Expand service delivery offerings for basic and essential needs and to support stability.

B2: Ensure that service providers are equipped with the skills, capacity, and ability to effectively serve those in unsheltered situations.

B3: Create a consistent, person-centered approach to address vehicular homelessness.

B4: Connect impacted populations to culturally responsive services.

Strategy C – Invest in approaches that improve outcomes and reduce harm for people living unsheltered and the community at-large.

Sub-Strategies

C1: Strengthen coordination between behavioral health, homeless service providers, and public safety partners to divert non-violent homeless-related calls away from law enforcement.

C2: Expand re-entry and behavioral health services as alternatives to arrest or emergency room admission.

C3: Decrease the number of people residing in encampments and reduce criminalization of homelessness for those who are unsheltered

Focus Area 4

Center and invest in people with lived experience to lead and transform the homeless system.

Strategy A – Expand the representation of people with lived experience in leadership roles and decision-making bodies.

Sub-Strategies

A1: Build capacity of local jurisdictions and organizations to increase lived experience in leadership roles and decision-making bodies

A2: Create accessible and flexible leadership opportunities that consider varying interests, availability, and backgrounds

A3: Reduce structural barriers to participation.

Strategy B – Build leadership capacity and advancement pathways for people with lived experience.

Sub-Strategies

B1: Provide opportunities such as mentorship and education for people with lived experience to establish pathways for leadership advancement.

B2: Support transitions from advisory roles to formal decision making and leadership positions.

B3: Advance equity in hiring, advancement, and retention of people with lived experience.

Strategy C – Equip homeless system partners to effectively partner with people with lived experience.

Sub-Strategies

C1: Establish standards and best practices to support authentic lived experience engagement

C2: Formalize processes to regularly evaluate the quality and depth of lived experience engagement and use findings to drive improvement.

C3: Develop clear accountability measures to transparently demonstrate how lived experience input informs decisions and system change.

SUBJECT:

Receive an Update on Valley Water's Maintenance Activities on the Coyote-Alamitos Canal.

RECOMMENDATION:

Receive an Update on Valley Water's Maintenance Activities on the Coyote-Alamitos Canal.

SUMMARY:

The Coyote-Alamitos Canal was originally constructed in 1936 and later expanded in the 1950s. Valley Water historically operated the canal to convey water supplies from the Coyote Creek Watershed to groundwater percolation facilities on the west side of the valley.

The canal was last operated by Valley Water in 1998. Since that time, staff have continued to inspect and maintain the facility as a Valley Water asset until it can be properly decommissioned. The canal extends approximately 21.1 miles, of which Valley Water holds fee title ownership over about 2.6 miles, with the remaining portions maintained through easement rights. Today, the canal primarily provides stormwater conveyance and flood protection benefits to adjacent properties.

Background

On January 20, 2026, a member of the ECCC requested an update regarding the Coyote-Alamitos Canal, specifically addressing Valley Water's ongoing maintenance responsibilities and its future plans for the inoperable facility.

Maintenance Activities

Valley Water performs annual full-length canal inspection, annual vegetation management along the maintenance road and canal banks, sediment removal, concrete canal liner repair, culvert pipe maintenance, and trash and debris removal.

Distribution System Master Plan

The Distribution System Master Plan Implementation Project is a 30-year planning effort aimed at ensuring our existing water transmission and distribution infrastructure meets future needs. The

master plan also includes scope for assisting with the evaluation of inactive canals, including the Coyote-Alamitos Canal. The master plan will identify, assess, and plan recommendations for the safe decommissioning or alternate use of the inoperable canals. The evaluation is currently underway and is anticipated to be completed by the fall of 2026.

Waterway Trash & Debris Removal: Volume and Cost

* In FY 2022-23, under *Other Cleanup Efforts*, Valley Water removed 7,910 cubic yards of encampment-generated trash and debris along Coyote Creek, paving the way for the construction of the Coyote Creek Flood Management Measures Project (CCFMMP).

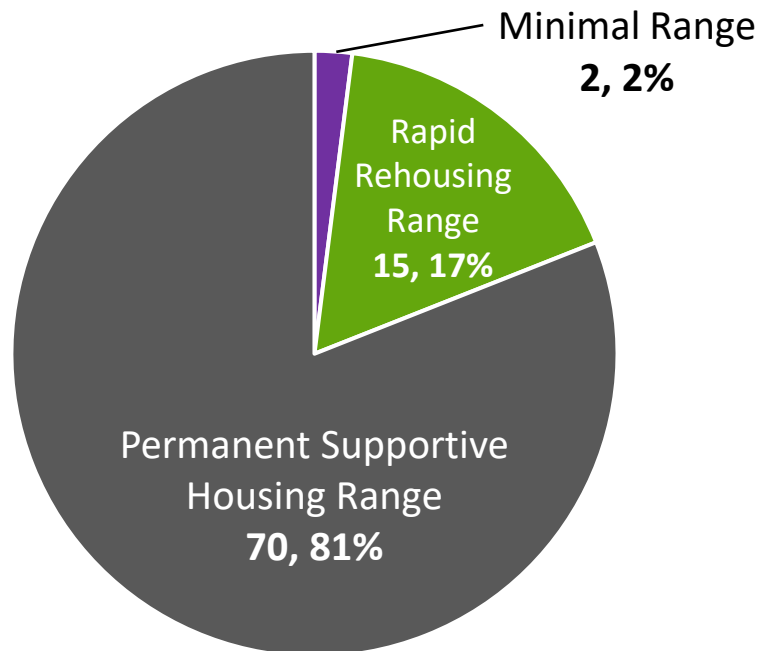

**Beginning in FY 2024-25, Valley Water allocated additional funding for encampment cleanup operations from its Watershed & Stream Stewardship Fund to augment the funding provided by the voter-approved Safe, Clean Water Program.

Item No.: 4.4.

COMMITTEE AGENDA MEMORANDUM Agricultural Water Advisory Committee

Government Code § 84308 Applies: Yes No
(If "YES" Complete Attachment A - Gov. Code § 84308)

SUBJECT:

Review the Environmental Creek Cleanup Committee (ECCC) Work Plan.

RECOMMENDATION:

Review the Committee work plan and make recommendations as necessary.

SUMMARY:

The attached Work Plan outlines the approved topics for discussion to be able to prepare policy alternatives and implications for Board deliberation. The work plan is agendized at each meeting as accomplishments are updated and to review additional work plan assignments by the Board.

BACKGROUND:

Governance Process Policy-8:

The District Act provides for the creation of advisory boards, committees, or commissions by resolution to serve at the pleasure of the Board.

Accordingly, the Board has established Advisory Committees, which bring respective expertise and community interest, to advise the Board, when requested, in a capacity as defined: prepare Board policy alternatives and provide comment on activities in the implementation of the District's mission for Board consideration. In keeping with the Board's broader focus, Advisory Committees will not direct the implementation of District programs and projects, other than to receive information and provide comment.

Further, in accordance with Governance Process Policy-3, when requested by the Board, the Advisory Committees may help the Board produce the link between the District and the public through information sharing to the communities they represent.

The attached Work Plan outlines the approved topics for discussion to be able to prepare policy alternatives and implications for Board deliberation. The work plan is agendized at each meeting as accomplishments are updated and to review additional work plan assignments by the Board.
